EmporiUm Sales Analysis

Welcome to EmporiUm Sales Analysis Dashboard

This interactive Power BI dashboard provides an overview of EmporiUm's sales performance and insights into business trends. The report includes:

- Sales Overview: A snapshot of total sales, sales trends, and performance by region and category.
- **Book Sales**: A detailed breakdown of book sales, highlighting top-selling titles and categories.
- West Region Analysis: Insights into sales performance specific to the West region, including top-performing products and stores.
- Store Sales: Comprehensive data on sales by stores, identifying high and low performers.
- Online Sales: Analysis of online sales trends, including estimated shipping costs and volume discount calculations.

Each page is designed to help EmporiUm understand its performance and identify areas of growth or improvement. Use the navigation tabs to explore specific sections of the report.
